PROPERTY MAINTENANCE CODE

You may have already heard that the Village is in the process of adopting a new Property Maintenance Code. The purpose of this code is to secure the public safety, health and general welfare of the residents of Third Lake. This ordinance regulates the condition of property including overgrown conditions, accumulation of junk, trash or debris, and various other nuisance conditions, as well as the conditions of all buildings or structures located on the property.

A copy of the proposed code can be found on the Village's website @ www.thirdlakevillage.com or you can stop in to the Village Hall during regular business hours to pick one up. Feel free to bring any questions or comments to the November 1, 2010 Committee Meeting.

SAFETY TIPS TO PREVENT HOME

BREAK-INS

- * Fool them by making your home look occupied at all times.
- * Use automatic timers on lights when away from home.

- * Always park your cars in the garage with the garage door shut. A burglar may otherwise notice a pattern that a closed garage door or no cars in the driveway means no one is home.
- * Place radios on automatic timers and raise the volume so they can be heard outside.
- * Lower the sound of your telephone ringer and answering machine so they cannot be heard outside.
- * **ALWAYS KEEP YOUR DOORS LOCKED!**

These Safety Tips are Compliments of State Farm.

If you are going on vacation, call the Lake County Sheriff's Department @ 847.377.4000 to request a home watch.

Flu Shot Clinics

It's time to get your annual flu shot. The Lake County Health Department/Community Health Center is offering a series of flu vaccine clinics. The 2010-2011 seasonal flu vaccination contains the novel H1N1 virus strain, so only one type of flu vaccine is needed this year. For a schedule of Health Department clinics and to make appointments online, visit: www.lakecountyflu.com Watch Flu FAQ

Expired and Unused Drug Disposal

The Health Department has joined P2D2, the Prescription Pill and Drug Disposal Program of Highland Park, which is working to keep prescription drugs out of the water supply and out of the hands of children. To read more about the program, visit www.lakecountylil.gov/health/want/documents/p2d2.pdf
