Meetings

Committee	September 5th
Plan Commission	September 12th
Board of Trustees	September 18th
Meetings begin at 7:00pm at the Village Hall	

Coming Soon!

A new open land park will be the first park for the Sunshine subdivision since being formed 102 years ago. The park was created as a result of the need for a silt trap which collects sediment in Third Lake and shore stabilization. The park will be complete in the Fall of 2023.

What should we name the park?
Send us your suggestions!

The Village Hall will be closed on Monday, September 4th
In observance of Labor Day.

In case of emergency, please email:

Venetian Parade Winners!

The Third Lake Jail won the Judges Choice award. The People's Choice award goes to Everyone! Thanks to all of you who voted on Social media and the website. Votes came in from all over the country and even a few from overseas! This was quite the battle on social media. The Village would need to hire an independent auditing firm to accurately count all the votes. All three boats will receive a boat sticker and Village launch key for the 2024 season. Stay tuned for the date for next year's Venetian Parade. We would love to see more boats decorated or you may end up in the Third Lake Jail!

Leaf Stickers

Leaf Stickers/Yard Waste stickers are available for purchase at the Village Hall. Stickers are \$1.25 each.

School Has Started

- Allow for extra time
- Reduce your speed, pay attention and obey traffic laws
- Be ready to stop at all times
- Watch for children on bikes. Please allow them extra room when passing them
- Wait patiently for children to complete crossing before proceeding
- Never pass a vehicle that has stopped for pedestrians
- Allow greater following distance between you and any school bus
- Do not block crosswalks, this puts all pedestrians at a higher risk
- Keep eyes peeled at all times. Children may be hurrying to or from their bus stops
- Know the rules of the roads when it comes to school bus safety.

WHAT'S HAPPENING IN THE VILLAGE

The Village has been busy codifying our ordinances, updating our building codes, and creating the first open land park for the Sunshine subdivision. Most of this is not visible while driving around but will improve the efficiency of providing services for you.

Another important project is finding additional ways to improve the health of our lakes. The Village continues to work with other agencies and is a participant in the ongoing efforts to reduce sediment flow into Third Lake and improve water quality. This summer, village staff have been taking weekly water samples at several locations along Mill Creek. We have the samples tested at the Lake County Health Department for Total Suspended Solids (TSS) and Total Phosphorus (P). This data will be provided to a leading consulting firm that specializes in wetland restoration and used as part of a plan to study the wetlands and identify potential solutions to improve water quality and native landscapes. The Forest Preserve ecologists and staff from the Lake County Stormwater Management Commission are in the early stages of this project. This project is a great example, of multiple agencies, working together to improve water quality in Lake County.

WHAT DO YOU LOVE ABOUT THIRD LAKE?

The Village is in the process of updating our website and would love input from residents. Do you have pictures in Third Lake that show off our beautiful community? Do you have a story why you think Third Lake is so special? Please forward any pictures or testimonials to info@thirdlakevillage.com.

Keep an eye out in Sunshine Subdivision for the newest resident, Harvey. He's very curious and not afraid of people. Rumor has it that if he is still walking the streets in November, he will get a pardon from the mayor. 😊
